

## **Corporate Technologies nominated for the Information Technology Council of North Dakota Premier IT Business Award**

*ITCND's IT Awards Program recognizes the outstanding efforts of individuals and entities that have played a vital role in IT development in North Dakota and that are an inspiration to others in the industry.*

**April 8, 2010 - Fargo, North Dakota** – Corporate Technologies LLC, a Fargo based IT managed services provider, announced today that it has been nominated for the Information Technology Council of North Dakota (ITCND) Premier IT Business Award. This award recognizes a business that has achieved outstanding success by developing and/or providing IT business solutions. Businesses deriving the majority of their revenue from the sale of information technology products or services are eligible for this award. Key considerations established by the ITCND are: long-term growth, profitability and sustainability, impact on the industry and market, and role as an outstanding corporate citizen.

Nominations are reviewed and approved by the IT Awards Committee to ensure they address award category key considerations and meet qualifications. After the IT Awards Committee has approved the nominations, they are voted on by the ITCND membership. [Votes](#) must be placed by Friday, April 9, 2010. Awards will be announced at the North Dakota IT Symposium at 12:30pm on May 12, 2010 at the Hilton Garden Inn in Fargo.

“It is an honor to be recognized by the ITCND and to share the Premier IT Business Award nomination with other distinguished IT providers,” said Jim Griffith, CEO of Corporate Technologies. “We are proud to say, the recognition is a testament to the services and products we are delivering to our customers and our employees dedication to being our customer’s trusted IT advisor.”

ITCND’s IT Awards Program recognizes the outstanding efforts of individuals and entities that have played a vital role in IT development in North Dakota and that are an inspiration to others in the industry. The program acknowledges the state’s IT leaders, improves public awareness of North Dakota’s many effective IT companies, and applauds innovative companies and business ideas.
