Minneapolis IT Firm Corporate Technologies Broadens Reach and Service Offerings with Acquisition of Idaho Technology Company, ITG

Minneapolis, MN – December 30, 2007 -- Corporate Technologies, a Minneapolis, MN based information technology firm, today announces the acquisition of Idaho technology services company ITG (Intermountain Technology Group). The acquisition is the latest in an aggressive expansion plan with Corporate Technologies now holding offices in California, Michigan, North Dakota, Minnesota, New Jersey and Idaho.

“Corporate Technologies is committed to providing our customers with the best technology managed support and services available to small to medium sized businesses,” said Jim Griffith, CEO of Corporate Technologies. “ITG has established itself as a leader in project-focused technology services in the Idaho market as well as the seven additional states that they serve. We see this acquisition as an opportunity to both enhance our services and provide ITG’s existing customers with the additional resources and expertise that Corporate Technologies provides.”

Corporate Technologies has leveraged its 26 years of industry experience to gain many valuable certifications with leading manufacturers of technology hardware and software. The company is one of the country’s largest providers of managed IT services for the small to medium sized business market and also offers custom Technology Advantage® support, VoIP and PBX telephone systems, computer networking solutions, repair and warranty services and systems integration and consulting. With a breadth of managed IT business solutions, multiple locations, and over 200 employees strong, Corporate Technologies is able to support their customers on a national level.

“This acquisition is good for our clients and employees,” said John and Alistair MacMillan, Owners of ITG. “Corporate Technologies provides a broad range of technology services and national coverage. In addition, our employees will have an opportunity to join a company that is growing, investing in their employees, and a leader in delivering managed services.”

“We are confident that we provide unparalleled IT business solutions and services,” said Griffith. “As we continue to expand our reach with strategic acquisitions such as ITG, it is our goal to become known as the national leader in our industry.”

Corporate Technologies’ latest service offering, Technology Advantage®, provides niche service for small and medium size businesses requiring IT support. For additional information on Corporate Technologies or to view the new Technology Advantage® podcast visit www.gocorptech.com or call (701) 893-4000.
