Corporate Technologies Announces New General Manager in Fargo, ND Office

Fargo, ND – March 20, 2009 – Corporate Technologies announced a new General Manager in their Fargo, ND office.

Greg Fogarty has been promoted to General Manager of the Fargo, ND office. Greg has been with Corporate Technologies for three years. During that time, he served in Managed Service Sales in Minneapolis, MN, as the Director of Sales in San Diego, CA, and most recently as the General Manager in Boise, ID. Greg has seven years of experience in the technology industry, with the bulk of his experience in Managed Services, IP Telephony, Storage, and Network Monitoring. Mr. Fogarty has worked in the healthcare, education, manufacturing, state and local government, and retail markets.

Corporate Technologies has also recently acquired many leading edge competencies from Microsoft including Advanced Infrastructure Solutions, Networking Infrastructure Solutions, Information Worker Solutions, Mobility Solutions, and Unified Communications Solutions.

“In addition to providing first rate service to our clients, Corporate Technologies’ engineers are committed to staying on the forefront of new technologies and maintaining certifications and specializations that allows us to deliver the latest solutions to our customers,” states Greg Fogarty. “I am excited to work with the local Fargo team of engineers and sales people that have established Corporate Technologies as a leading technology provider in the Dakotas.”

About Corporate Technologies

Corporate Technologies provides managed IT solutions to businesses and institutions in Minnesota, North Dakota, Idaho, Southern California, West Michigan and New Jersey. With a breadth of services, multiple locations, and over 250 employees strong, Corporate Technologies is able to support their customers on a national level. It offers a wide range of IT solutions, including managed IT services, staffing services, storage and virtualization solutions, VoIP and PBX telephone systems, computer networking solutions, repair and warranty services, and systems integration and consulting. Corporate Technologies’ Technology Advantage® program provides a niche service for small and medium size businesses requiring IT support and services. In addition, Corporate Technologies’ data center and online backup services bring highly secured managed services to our customers throughout the United States, providing business continuance for companies that require 24x7 uptime. Corporate Technologies has leveraged its 28 years of industry experience to gain many valuable certifications with leading manufacturers of technology hardware and software.
