### **ITG – A Division of Corporate Technologies Announces New General Managers in Boise, ID Office**

Boise, ID – March 24, 2009 – Corporate Technologies has announced a new General Manager in their Boise, ID office.

Justin Stansbury has recently been promoted to General Manager of the Boise, ID office. Justin has worked in the IT industry for 10 years, and has been with Corporate Technologies the past three years. During those three years he served as a Services Sales Executive in Fargo, ND, as Sales Manager in Boise, ID and now General Manager in Boise, ID. He has expertise in the areas of Technology Advantage®, Cisco products, and selling hardware and Managed Services to small and medium-sized businesses.

In addition, the Boise office has recently promoted other members of its staff. Audrey Gamblin and Blair Snell have been promoted to Senior Service Sales Executives. Tanessa Vetsch has been promoted to Client Services Manager for the Boise office. Norah Jaramillo has been named Accounts Receivable and Brooke Eckenrode to Inside Sales for all six Corporate Technologies branches.

“The Boise team will continue to provide outstanding support to our local customer base and is positioned to fulfill roles that serve our company on a national level.” said Justin Stansbury.

### **About Corporate Technologies**

Corporate Technologies is one of the leading providers of managed IT solutions to businesses and institutions in Minnesota, North Dakota, Idaho, Southern California, West Michigan and New Jersey. With a breadth of services, multiple locations, and over 250 employees strong, Corporate Technologies is able to support their customers on a national level. It offers a wide range of IT solutions, including managed IT services, staffing services, storage and virtualization solutions, VoIP and PBX telephone systems, computer networking solutions, repair and warranty services, and systems integration and consulting. Corporate Technologies' Technology Advantage® program provides a niche service for small and medium size businesses requiring IT support and services. In addition, Corporate Technologies' data center and online backup services bring highly secured managed services to our customers throughout the United States, providing business continuance for companies that require 24x7 uptime. Corporate Technologies has leveraged its 27 years of industry experience to gain many valuable certifications with leading manufacturers of technology hardware and software.
