Minnesota Technology Firm, Corporate Technologies Acquires New Jersey IT Company Expanding their reach to a National Level

Minneapolis, MN – November 15, 2007 – Corporate Technologies a Minneapolis, MN Information Technology company announces the acquisition of InfoTech, a New Jersey based IT Solutions Provider. Corporate Technologies has offices in Fargo, North Dakota, Minneapolis, Minnesota, San Diego, California, Grand Rapids, Michigan and now Fairfield, New Jersey.

Jim Griffith, CEO of Corporate Technologies stated, “The team at InfoTech has built a solid business and has developed excellent customer relationships with many important businesses in the New Jersey and New York markets. This acquisition will only enhance InfoTech’s position in New Jersey as a leader in technology services. We look forward to providing these customers with the additional resources and expertise that will allow them to grow their business with Corporate Technologies in the future. In addition, Corporate Technologies remains committed to being one of the largest providers of managed services in the country. We will be adding another 10-15 employees in the New Jersey market to roll out Technology Advantage®, the exclusive managed service from Corporate Technologies. The New Jersey area marks the fifth market for Corporate Technologies and we anticipate adding a sixth in the next 30 days.”

Corporate Technologies’ unique managed services offering, Technology Advantage®, caters to small and medium businesses and allows InfoTech to expand its customer base by delivering complete managed IT services. In addition, Corporate Technologies’ expertise in storage, on-line offsite data backup and virtualization provides additional high-end solutions to our new customers.

About Corporate Technologies

Corporate Technologies is one of the leading providers of managed IT solutions to businesses and institutions in Minnesota, North Dakota, Southern California and West Michigan. With a breadth of services, multiple locations, and over 200 employees strong, Corporate Technologies is able to support their customers on a national level. It offers a wide range of IT solutions, including managed IT services, VoIP and PBX telephone systems, computer networking solutions, repair and warranty services, and systems integration and consulting. Corporate Technologies’ [Technology Advantage®](#) program provides a niche service for small and medium size businesses requiring IT support and services. In addition, Corporate Technologies’ data center and online backup services bring highly secured managed services to our customers throughout the United States, providing business continuance for companies that require 24x7 uptime. Corporate Technologies has leveraged its 26 years of industry experience to gain many valuable certifications with leading manufacturers of technology hardware and software.
